

CAPABILITY STATEMENT

Company Overview

Dualos applies our expertise and products, along with industry-leading partner solutions, to serve the Aerospace and Defense industry. We provide tailored solutions designed to address the complex testing challenges our customers encounter.

Nancy Papineau founded our Native American, SBA-certified Woman-Owned Small Business in 2008. Committed to advancing STEM education for Native American students, she serves as Vice-Chair of the American Indian Science and Engineering Society (AISES) Professional Chapter Council, a nonprofit focused on increasing Indigenous representation in science, technology, engineering, and math.

NAICS Codes

332912 – Fluid Power Valve, Hose Fitting, Hydraulic Component OEM
