

CAPABILITY STATEMENT

Company Overview

Dualos applies our expertise and products, along with industry-leading partner solutions, to serve the Aerospace and Defense industry. We provide tailored solutions designed to address the complex testing challenges our customers encounter.

Nancy Papineau founded our Native American, SBA-certified Woman-Owned Small Business in 2008. Committed to advancing STEM education for Native American students, she serves as Treasurer of the American Indian Science and Engineering Society (AISES) Puget Sound Professional Chapter, a nonprofit focused on increasing Indigenous representation in science, technology, engineering, and math.

NAICS Codes

- 332912 – Fluid Power Valve, Hose Fitting, Hydraulic Component OEM
- 334111 – Electronic Computers
- 334118 – Computer Terminal and other Computer Peripheral Equipment
- 334511 – Search, Detection, Navigation, Guidance, Aeronautical devices
- 334515 – Instruments for Measuring and Testing Electrical Signals
- 423430 – Computer and Computer Peripheral Equipment and Software

Products and Solutions
